FOR A NEW COUNTY.

Petition for One to be Known as La Sal,

AND ITS BOUNDARIES DEFINED.

It is Claimed that its Organization Would Prove of Great Benefit to Our Southern Friends-Other Matters.

The Council was the only branch of the Legislative Assembly fin session yester-day, and about the only important matter before it was the petition for the formation of a new county, the details of which are The House had taken a recess, in order that the members might thoroughly digest the message of the governor, but one naughty member of the Council suggested to a HERALD reporter yesterday, that they were rather enjoying themselves at the Liberal city convention where they found food more to their liking. Certain it is that several of the legislators, who are not members of the upper house, were seen in the lobby of the Grand on several occasions yesterday.

THE COUNCIL

It was five minutes past two yesterday afternoon when President Richards rapped his desk with his knuckles and called the Council to order.

Upon roll being called it was found that a quorum was not present. After waiting a few minutes Mr. Olsen arrived, which gave the required number. Prayer was then offered by Chaplain

Minutes of Monday's session were read by Chief Clerk Cannon.

Two amendments were offered by Mr. Booth, making minor corrections, which were accepted, after which the minutes were adopted as corrected.

A NEW COUNTY.

The President announced that petitions would be received.

Mr. Hatch presented a petition handed him by John Grouse and others, asking to

him by John Grouse and others, asking to have created a new county, to be known as La Sal, from all that portion of Emery county lying east of Green river, and from all that portion of San Juan county lying north of the sixth standard parallel to the east boundary line of the territory of Utah, and asked that Moab be the county seat. It is claimed that the present county seat of Emery county is altogether too far isolated from the tract of county named to be serviceable to the inhabitants.

The portion to be taken from San Juan county is already physically separated from

The portion to be taken from San Juan county is already physically separated from the county and best adapted for the new county proposed. The same is likewise the case with that portion to be taken from Emery county.

Moab, the proposed county seat, is the trading centre of the territory proposed for a new county and the place from whence most supplies are obtained. Besides these facts in favor of the creation of the county of La Sal, the following data was set forth in the petition:

Area taken from Emery county.... Area taken from San Juan county...

Boundary, 55 miles long by 70 miles wide.

...1.100

Voters registered and isolated so that they cannot be registered, 155. Emery county portion, 125; San Juan county por-tion, 30. School population between 6 and 18 years, 120, of whom 94 are now registered in Moab.

Area under fence and cultivation, 8,000 acres, for half of which United States patents have been received.

Mr. Hatch moved the petition be held until a committee ou counties be appointed. President Richards thought a better plan would be to place it on the table subject to the call of Council.

The motion of Mr. Hatch was lost.

Mr. Seegmiller moved the petition be tabled subject to the call of the Council, which was carried.

A communication from the territorial casurer was read and likewise placed on

HELLO!

A communication from the Rocky Mountain Bell Telephone company was read, wherein the company tendered to the Council the free use of a telephone instrument, as it had been used to do to former sessions of the Legislature, and asked where the instrument might be placed.

Mr. Hatch moved to accept this kind offer, with the thanks of the Council, and that the instrument ordered be placed in the ante-chamber of the council. The motion was carried. A MAP WANTED.

It was moved and carried that the sergeant at arms procure a copy of West's map of Utah, to be hung on the walls of the Council room. It was also moved and carried that the sergeant at arms procure for each member of the Council and the several officers a copy of the Compiled Laws of Utah. Laws of Utah.

THE RULES AMENDED.

The following motion by Mr. Lund was carried: I move that the rules of the Council be amended by increasing the number of committees five, as follows:

On university and agricultural college to be composed of three members.
On railroads, three members.
On capitol grounds, four members.
On fairs and fair goods, three members.
On statistics, four members.

ADJOURNMENT.

The president announced that no more business remained on the clerk's table, so an adjournment was taken till 2 o'clock to-

Last winter Mr. H. E. Kinkade, collector for the United States Express company, at Des Moines, Iowa, was severely troubled with chilbialns. The swelling and intense itching of his feet was a great annoyance to him. He tried several remedies without benefit, but fortunately bought a bottle of Chamberlain's Pain Balm. He says he only applied it three times until his feet were entirely well and free from itching and swelling. For sale by Z. C. M. I. drug department.

SPECTACLES and cyc-glasses a specialty at John Daynes', 66 Main street. Eyes tested free of charge.

Spencer, Bywater & Co. have removed to opposite the city hall, where they are prepared to do all kinds of tin work, roof-ing, guttering, galvanized iron work, etc. *

A stranger in the city.

He wandered all around,
And held a mighty bundle
Which bent him to the ground;
It was his mouthly washing
He'd brought from far away.
To leave it at our laundry,
For well he knew twould pay
To leave it, were quite certain
The work was tried and true.
The only place on Main street,
One handred forty two,
Where clothing soiled emerges
Without a single stain.
Sobmit it to our treatment once,
You'll surely come again.

IT WON'T BAKE BREAD.-in other words IT WON'T BAKE BREAD.—In other words Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the scale. you will not be disappointed in the result

GREAT CLOSING OUT Blanket Sale at LIPMAN, WALLERSTEIN & Co.'s.

Scratched 28 Years Body covered with scales. Itching terrible

Suffering endless. No relief. Doctors and medicines fail. Speedily cured by Cuticura, at a cost of \$5.

Cured by Cuticura.

Cured by Cuticura.

If I had known of the Cuticura Remedies twenty eight years ago it would have saved me \$200.00 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop of of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ringworm, psoriasis, etc. I took ... and ... Sarsaparillas over a year and a half, but no cure. I went to two or three doctors, and no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them were three boxes of CUTICURA AM and three bottles of CUTICURA SOAP. If you had been here and said you would have cured me for \$200.00, you would have had the money. I looked like the picture in your book of psoriasis (picture number two, "How to Cure Skin Diseases,") but now I am as clear as any person ever was. Through force of habit I rab my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.

Cuticura Resolvent,
